

LAYC Training Scheme Internet Safety

Introduction

This course is aimed at sessional and volunteer youth and children's workers who are concerned about the issues around allowing children and young people to access digital communications technology in their groups.

Content

The course is very practice based with group activities, discussion and tutor input.

Outcomes

By the end of the course participants will :

- Be aware of the issues around internet safety;
- Be aware of the key steps they can take with the children and young people they work with;
- Have a greater knowledge of the resources and advice available to them on internet/digital safety issues.
